Career History

Digital Marketing Assistant, Curry's

2006-2010

In this section, explain what you have been doing in your current role and your key responsibilities. Use action words and focus on aspects of this role that are most relevant to the one you're applying for. Start with your most recent role in this organisation and make a new section below for your previous role. Arrange your achievements with bullet points and give specific examples so that your achievements have context. This is a good place to get your technical skills across and showcase your biggest and best projects

Digital Marketing Assistant, Curry's

2006-2010

As this role was further in the past, don't give as much detail. The further back, the less detail you provide. Still use the bullet points to present your biggest and best projects.

Repeat this process until you reach the beginning of your career history.

Professional qualifications

Date, Qualification, Company

Add relevant courses you've taken that show that you're an expert in your field. Qualifications that are relevant to the role are most impressive.

Interests / achievements

Keep this brief but remember that these are discussion points for the interview, so include the most relevant and important points.

Skills matrix

If you need to provide a skills matrix, list your technical skills and the amount of experience you have here.
